GFPR500

GRAPHEX SUPERIOR CUT PROTECTION

PrimePackaging

Graphex® Premier

Features

- Incorporating Graphex® cut resistant yarn
- High dexterity for precision tasks
- Certified to Contact Heat Level 1 under EN407:2020
- Contact Food Safe under AS 2070:1999 (FDA 21CFR177.2600)
- Active Grip Technology for superior use in wet and dry conditions
- Extended wear with up to 15,000 abrasion cycles
- Touch Screen friendly
- Silicone and fibreglass free construction
- Actifresh treated to inhibit odours and bacteria
- 360 degree breathability
- UPF50+ offering maximum sun protection

Standards & Certification

EN 388:2016 4X43F

EN 407:2020 X1XXXX

REACH COMPLIANCE

OEKO-TEX® CONFIDENCE IN TEXTILES STANDARD 100

CE 2797 CE 719275

CERTIFIED PRODUCT Australian Standard AS/NZS 2161.2:2020 AS/NZS 2161.3:2020 AS/NZS 2161.4:1999 Lic. BMP 719027

Graphex® recognise that without product certification by a Notified Body all product performance testing, and adherence to standards claims cannot be independently verified. If they are not as claimed, serious safety implications for the wearer, and legal implications for the supplier and even the employer may arise.
Graphex source their entire range of Synthetic hand protection from a single manufacturing partner to ensure consistency and reliability of product, but most importantly Graphex have taken the further step of engaging a globally recognised Notified Body to audit and certify both the manufacturing process and the products.
All of Graphex's hand protection is certified to the latest AS/NZS hand protection standards.

Specifications

Part No.	GFPR500
Liner	AGT Coating
Coating	Graphex®

Packaging

1 12 144

Sizing & Fit

Available Sizes

GFPR500.S	Small
GFPR500.M	Medium
GFPR500.L	Large
GFPR500.XL	X Large
GFPR500.2XL	2X Large

Dexterity Level

Maximum Dexterity Level 5

Certified under AS/NZS 2161.2:2020

Key Technologies

Graphex® Yarn
Graphex® yarn provides the highest levels of mechanical performance, with exceptional comfort and dexterity.

Active Grip Technology
Force360's Active Grip Technology (AGT) is a proprietary glove coating formula that provides industry leading wet, dry and oil grip.

360° Breathability
Keeping hands cool is critical for comfort and improved wearer compliance. Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability.

Actifresh
The Actifresh Sanitized treatment neutralizes odour creating bacteria. Gloves are kept fresher for longer. Actifresh resists UV degradation and maximizes product longevity.

Touch Screen Friendly
The wearer can leave their gloves on while answering phone messages, reducing the chances of a workplace hand injury.

Reach Compliance

Required Safe pH Level
Certified under AS/NZS 2161.2:2020

AZO Dye and Irritant Chemical Free
Certified under AS/NZS 2161.2:2020

Sun Protection

UPF50+ Sun Protection
Pass under AS/NZS 4399 Sun Protective Clothing.
Tested by Australian Radiation Protection And Nuclear Safety Agency (ARPANSA).

Glove Care

Machine Wash <40°C
Cold Water Rinse
Dryer <60°C
