

**GFPR111**

# Cold Fighter

THERMAL LATEX

## Features

- ▲ Nylon spandex liner enhances user flexibility and comfort
- ▲ Knitted 13 gauge liner provides excellent dexterity for general purpose work
- ▲ Latex coating is ultra-lightweight and provides a powerful and flexible grip. The component materials in this coating comply with relevant federal regulations for food contact
- ▲ Perfect form, fit and comfort is achieved through Force360's unique knit pattern that mimics a 'hand at rest', minimizing hand fatigue
- ▲ Back of hand breathability for comfort
- ▲ UPF50+ offering maximum sun protection
- ▲ The Actifresh Sanitized treatment neutralizes odour creating bacteria ensuring the gloves are kept fresher for longer

## Standards & Certification

EN388:2016

Force360 recognise that without product certification by a Notified Body all product performance testing, and adherence to standards claims cannot be independently verified. If they are not as claimed, serious safety implications for the wearer, and legal implications for the supplier and even the employer may arise. Force360 source their entire range of Mechanics hand protection from a single manufacturing partner to ensure consistency and reliability of product, but most importantly Force360 have taken the further step of engaging a globally recognised Notified Body to audit and certify both the manufacturing process and the products. All of Force360's hand protection is certified to the latest AS/NZS hand protection standards.

## Specifications

<b>Part No.</b>	GFPR111
<b>Liner</b>	Nylon Spandex
<b>Coating</b>	Latex

## Packaging

1 6 72

## Sizing & Fit

### Available Sizes

- GFPR111.S Small
- GFPR111.M Medium
- GFPR111.L Large
- GFPR111.XL X Large
- GFPR111.2XL 2X Large

### Dexterity Level

Maximum Dexterity Level 5  
 Certified under AS/NZS 2161.2

## GFPR111

### Key Technologies

#### 360° Breathability

Keeping hands cool is critical for comfort and improved wearer compliance. Only selected materials that allow air flow are used to ensure 360 degree air circulation and enhanced breathability.

#### Actifresh

The Actifresh Sanitized treatment neutralizes odour creating bacteria. Gloves are kept fresher for longer. Actifresh resists UV degradation and maximizes product longevity.

#### Hand at Rest

Perfect form, fit and comfort is achieved through Force360's unique knit pattern that mimics a 'hand at rest', minimizing hand fatigue.

### Reach Compliance

#### Required Safe pH Level

*Certified under AS/NZS 2161.2:2020*

#### AZO Dye and Irritant Chemical Free

*Certified under AS/NZS 2161.2:2020*

### Sun Protection

#### UPF50+ Sun Protection

Pass under AS/NZS 4399 Sun Protective Clothing.

*Tested by Australian Radiation Protection And Nuclear Safety Agency (ARPANSA).*

### Glove Care

Machine Wash <40°C

Cold Water Rinse

Dryer <60°C
