

PNSC-2 Pneumatic Push-type Combination Tool for Steel Strapping

Easy to operate

The PNSC-2 enables two-strap loading and two-button operation with the ability to remove the strap with ease after cycling.

Superior performance

This tool has fast cycle times and the ability to apply up to 700 lbs. (3 114 N) of tension*.

Reliable

Produces a single reverse notch seal joint for maximum joint strength.

Durable

All metal and alloy parts provide long-lasting, low-maintenance operation.
